PROGRAM DESCRIPTION

General Purpose of the Funding

The Office of Justice Programs has supported NSOPW since 2005. In FY 2008, the SMART Office assumed management responsibility for this program as NSOPW is closely aligned with SMART's mission, and jurisdiction participation (including states, the District of Columbia, principal U.S. territories and certain federally recognized Indian Tribes) is required by SORNA. Since 2008, Congress has specifically appropriated funds for NSOPW. At present, all 50 states, the District of Columbia, the territories of American Samoa, Commonwealth of the Northern Mariana Islands, Guam, Puerto Rico, and the U.S. Virgin Islands and 151 Tribes participate in NSOPW.

NSOPW operates similarly to a search engine and uses web services to access registered sex offender information directly from individual jurisdictions. NSOPW links to state, territory, the District of Columbia, and Tribal public sex offender registries and allows users to conduct nationwide searches for registered sex offenders with one query rather than searching jurisdiction by jurisdiction. Since its inception, NSOPW has been heavily queried by the public and has had over 735 million searches and over 2 billion page views. In 2016, the SMART Office launched the NSOPW mobile application, allowing users to search from any mobile device. Available on Android and iOS, users have used the application to conduct over 11 million searches.

In addition to the maintenance and support of NSOPW, this award supports the maintenance and enhancement of the SORNA Exchange Portal, a secure information-sharing system for jurisdictions as required under SORNA. This internet-based system provides a venue to streamline communication and coordination among jurisdictions' sex offender registry officials, as well as federal agencies.

The cooperative agreement also supports the Tribe and Territory Sex Offender Registry System (TTSORS) and the Sex Offender Registry Tool (SORT). TTSORS is a web-based sex offender registry system that is free of charge to U.S. territories and Indian Tribes that have elected to implement SORNA. TTSORS functions as both the administrative registry system and the public sex offender registry website for jurisdictions, which allows for participation in NSOPW. TTSORS also streamlines data sharing for Tribes participating in DOJ's Tribal Access Program (TAP) by automatically sending registry information to the FBI's National Sex Offender Registry (NSOR) and ensuring data synchronization between TTSORS and NSOR. In partnership with TAP, this cooperative agreement supports the development and enhancement of the TTSORS-NSOR interconnection tool, enabling over 100 Tribal sex offender registry databases to directly connect to NSOR and significantly increasing the accuracy, completeness, and timeliness of Tribal data shared with law enforcement nationwide. SORT is a similar tool that may be used by registration agencies in states, U.S. territories and the District of Columbia, and provides a free customizable administrative registry system and public sex offender registry website. It is designed to enhance information-sharing capabilities and maximize efficiency and cost effectiveness of registry system setup and ongoing maintenance.

The award also supports training for each of the technology tools and related resource development for jurisdictions, as well as the monitoring, maintenance, and updating of the NSOPW mobile applications for Android and iOS and NSOPW's social media page.

Applicants should refer to [Application Contents, Submission Requirements, and Deadlines: Budget Detail Form](#) for information on allowable and unallowable costs that may inform the development of their project design.

Program Goals and Objectives

The goals, objectives, and deliverables are directly related to the performance measures that demonstrate the results of the work completed. Applicants will submit input that relates to NSOPW performance measures in the JustGrants web-based form on a semi-annual basis as part of the Performance Reporting process, or ad hoc in response to various requests for data and other information.

Goal 1: Provide the public with information about registered sex offenders.

- Objective 1: To provide the public with a single U.S. government website that links state, District of Columbia, territory, and Indian Tribe public sex offender registries in one national search site.
- Objective 2: To provide jurisdictions with technology tools to register and track sex offenders.

Goal 2: Facilitate information sharing among jurisdictions.

- Objective 1: To provide jurisdictions with technology tools to share information about registered sex offenders with other jurisdictions.
- Objective 2: To provide jurisdictions with technology tools to provide community notification about registered sex offenders.

How Awards Will Contribute to Program Goals/Objectives

Under the Dru Sjodin National Sex Offender Public Website program, the SMART Office anticipates that the award recipient will use the funds to support the maintenance and operation of NSOPW.gov as well as related tools and applications and maintain and operate a secure communication system (the SORNA Exchange Portal) for the purpose of information sharing between the jurisdictions.

Expected Outcomes: Deliverables and Performance Measures

To achieve the goals and objectives of this funding opportunity, OJP has identified expected deliverables that must be produced by a recipient. OJP has also identified performance measures (pieces of data) that will indicate how a recipient is achieving the performance goals and objectives previously identified. Recipients will need to collect and report this performance measure data to OJP.

Deliverables

Deliverables are what the applicant will create or produce under the award. The term “deliverables” as used here refers to discrete products under an award. An award may support activities (e.g., personnel time for award activities) that are part of recipient performance but are not considered deliverables. Award recipients will be expected to develop and submit the deliverables listed below in the course of implementing their proposed project.

Applicants should propose tasks that support information sharing between jurisdictions.

- Support the maintenance of the search functionality of NSOPW.gov, including any applicable search application programming interface and sending search results to the front end of the website, which is maintained and hosted by the Office of Justice Programs. The grantee selected will be required to comply with all U.S. Department of Justice security requirements.
- Ensure that the search functionality of NSOPW.gov remains in full compliance with applicable provisions of SORNA and complies with any subsequent legislation that impacts its operation.
- Assist jurisdictions with the implementation of web services and/or other secure file transfer methods used to share data through NSOPW.gov.
- Actively work with all jurisdictions to allow searching of NSOPW.gov by geographic coordinates and modifying search capabilities as improvements become available.
- Make changes to the search functionality of NSOPW.gov within 24 hours of a request as part of the maintenance of NSOPW.
- Maintain and update the NSOPW mobile applications on Android and iOS.
- Provide continuous monitoring of all connections to NSOPW.gov, remedy any malfunctions and address any identified issues within 24 hours.
- Answer questions sent to the NSOPW.gov “webmaster” from the public, SORNA jurisdictions, and as directed through the SMART Office within 24 hours. (On average, NSOPW receives three to five inquiries a day, ranging in complexity and length of response.) The technical responses shall be based on the ability to re-create the situation as described in the correspondence. The procedural and policy responses shall be based on communication with the individual jurisdiction or agency involved in the query.
- Maintain and operate TTSORS to assist Tribes and territories with implementing SORNA registry system requirements.
- Enhance and maintain an automated function in TTSORS and SORT that submits data to NSOR and provides the capability to query NSOR.
- Develop and implement enhancements to TTSORS that complement the workflow of TAP workstations, enable integration with third-party software utilized by TAP, and reduce duplicate entries by registration personnel.
- Assist states, the District of Columbia, and U.S. territories with customizing and implementing SORT. This includes providing guidance on integrating SORT into a jurisdiction’s existing registry system, which may have associated or ancillary costs that can include data migration, customization, and integration into existing systems and tools.
- Maintain and operate a secure communication system via the SORNA Exchange Portal between SORNA jurisdiction registry personnel and federal law enforcement for the purpose of sharing information about individual offenders and other registry-related matters. Features include the ability to send and receive email, file upload and transfer, and a discussion platform with chat capabilities.
- Develop and maintain the capability to allow verified users access to the SORNA Exchange Portal as a service on the Law Enforcement Enterprise Portal (LEEP) with a single sign-on, as well as additional products as directed by the SMART Office (e.g., TTSORS).
- Demonstrate an understanding of the importance of information sharing between SORNA jurisdictions about registered sex offenders and the need for continued development or refinement of tools such as the SORNA Exchange Portal. The applicant

must have experience in facilitating advisory working groups dedicated to criminal justice data sharing.

- Develop and implement system enhancements to NSOPW, the SORNA Exchange Portal, TTSORS and SORT necessary to remain current with new and emerging technologies.
- Provide monthly use statistics for NSOPW.gov, the NSOPW mobile app, and the SORNA Exchange Portal; provide specific requested information within 24 hours.
- Provide auditing and monitoring tools to SORNA registration jurisdictions and to the SMART Office and participate in auditing and monitoring activities as requested by the SMART Office.
- Work with the SMART Office (as needed) to modify the project scope during the project period to address emerging needs that impact the operation of NSOPW, the SORNA Exchange Portal, TTSORS, and SORT.
- Provide training and technical assistance to states, the District of Columbia, territories, and Tribes related to participation in NSOPW, the SORNA Exchange Portal, TTSORS, and SORT.
- Participate in the SMART Office's national trainings and conferences, providing attendees with individual and group session support.
- Demonstrate cultural awareness and responsiveness in working with Indian Country, which includes understanding the rich diversity of U.S. Tribal Nations and communities, and the significance of self-determination and sovereignty for Tribal jurisdictions.
- Monitor, maintain and update, in consultation with the SMART Office, NSOPW's social media channels to include relevant content on sexual assault prevention and related safety tips.
- Consult with the SMART Office for guidance and input on content and design of any NSOPW related brochures and publications, as well as written materials such as fact sheets and training materials and provide logistical support.

Performance Measures

Performance measures are data that show a recipient's progress in implementing their project, such as the number of people served, or number of trainings conducted. OJP will require each award recipient to submit regular performance reports that communicate progress toward achieving the goals and objectives identified in [Program Goals and Objectives](#). Applicants can visit [OJP's performance measurement page](#) at ojp.gov/performance for more information on performance measurement activities.

Some measures are presented as examples, while others are the exact measures that every recipient will be expected to address.

Funding Instrument

OJP expects to make an award under this funding opportunity as a cooperative agreement, which allows OJP to have substantial involvement in carrying out award activities. See the [“Administrative, National Policy, and Other Legal Requirements”](#) section of the [Application Resource Guide](#) for a brief discussion of important statutes, regulations, and award conditions that apply to many (or in some cases, all) OJP awards.

Cost Sharing/Match Requirements

This funding opportunity does not require a match.

APPLICATION CONTENTS, SUBMISSION REQUIREMENTS, AND DEADLINES

This NOFO contains all the information needed to apply for this funding opportunity. The application for this funding opportunity is submitted through web-based forms and attachments in Grants.gov and JustGrants through the steps that follow.

Unique Entity Identifier (UEI) and SAM.gov Registration

To submit an application, an applicant must have an active registration in the [System for Award Management \(SAM.gov\)](#). SAM.gov assigns entities a unique entity identifier (UEI) that is required for the entity to apply for federal funding. Applicants will enter their UEI with their application. Award recipients must then maintain an active UEI for the duration of their award's period of performance.

First-time Registration: Entities registering in SAM.gov for the first time will submit information about their entity type and structure, financial information (such as dates of the fiscal year, banking information, and executive compensation), entity points of contact, and other information. The information is reviewed and verified by SAM.gov, and then a UEI is issued. This process may take several weeks, so entities considering applying for funding should begin the registration process as soon as possible.

Renewing an Existing Registration: Entities must renew their SAM.gov registration every 12 months to keep it active. If an entity does not renew their SAM.gov registration, it will expire. An expired registration can delay or prevent the submission of an application for funding in Grants.gov and JustGrants.

Applicants are encouraged to start the SAM.gov registration or renewal process **at least 30 days prior to the application's Grants.gov deadline**. Applicants who fail to begin the registration or renewal process at least 10 business days prior to the Grants.gov deadline may not be able to complete the process in time and will not be considered for a technical waiver that allows for late submission.

For Small Businesses: In addition to SAM.gov registration, a small business applicant may need to obtain an Employer Identification Number (EIN) from the Internal Revenue Service. The person applying for an award should submit the EIN value as the Tax Identification Number during the SAM.gov registration process. The applicant should not submit their Social Security Number. For additional information, including the steps to obtain an EIN, see the IRS [Apply for an Employer Identification Number \(EIN\) online](#) webpage.

Submission Instructions: Summary

Applications must be submitted to DOJ electronically through a two-step process that begins in Grants.gov and is completed in JustGrants. See [Basic Information: Key Dates](#) for the Grants.gov and JustGrants application deadlines.

- **Step 1:** The applicant must submit the required [Application for Federal Assistance SF-424](#) by the Grants.gov deadline.
- **Step 2:** The applicant must submit the full application, including attachments, through JustGrants by the deadline (see [JusticeGrants.usdoj.gov](#)).

Submission Step 1: Grants.gov Submission of SF-424

Access/Registration

If the applicant does not already have a Grants.gov account, they will need to register for this opportunity in Grants.gov. Applicants should follow the Grants.gov [Quick Start Guide for Applicants](#) to register, create a workspace, assign roles, submit an application, and troubleshoot issues.

Submission of the SF-424

Applicants will begin the application process in Grants.gov with the submission of the SF-424, which collects the applicant's name, address, and UEI; the funding opportunity number; and proposed project title, among other information. The SF-424 must be signed by the Grants.gov Authorized Organizational Representative for the applicant.

See the [Application Resource Guide](#) for additional information on completing the SF-424.

Section 8F – Applicant Point of Contact: Please include the name and contact information of the individual **who will complete the application in JustGrants**. JustGrants will use this information (e.g., email address) to assign the application to this user in JustGrants.

Section 19 – Intergovernmental Review: This funding opportunity is not subject to [Executive Order \(E.O.\) 12372](#) (Intergovernmental Review). Applicants should answer section 19 by selecting, "Program is not covered by E.O. 12372."

An applicant should submit the SF-424 as early as possible and recommended not later than 48 hours before the Grants.gov deadline. If an applicant fails to submit the SF-424 in Grants.gov by the deadline, they will be unable to submit their application in JustGrants.

Once the first part of the application has been successfully submitted in Grants.gov, the Grants.gov Workspace status will change from "In Progress" to "Submitted." Applicants will also receive a series of four Grants.gov email notifications. Refer to the [DOJ Application Submission Checklist](#) for additional details.

If an applicant needs to update information in the SF-424 after it is submitted in Grants.gov, they can update the information as part of their JustGrants submission (see [Application Contents, Submission Requirements, and Deadlines: Standard Applicant Information](#)). They do not need to submit an update in Grants.gov.

Submission Step 2: JustGrants Submission of Full Application

Access/Registration

For first-time JustGrants applicants, once the application is received from Grants.gov, DOJ will send an email (from DIAMD-NoReply@usdoj.gov) to the email address listed in Section 8F of the SF-424 with instructions on how to create a JustGrants account. This email should arrive within 24 hours after confirmation from Grants.gov of the SF-424 submission.

1. Creating and setting up a JustGrants account consists of three steps:
2. Follow the instructions in the email to first confirm who will be the Entity Administrator (the person who manages which staff can access JustGrants on behalf of the applicant).
3. Log into JustGrants and confirm the information in the Entity Profile.
4. Invite other individuals who will serve as the Application Submitter and the Authorized Representative for the applicant to register for JustGrants.

These steps should be completed in JustGrants as early as possible and recommended no later than 48 hours before the JustGrants deadline. Once registered in JustGrants, the Application Submitter will receive a link in an email to complete the rest of the application in JustGrants. Applicants can find additional information on JustGrants registration in the [DOJ Grant Application Submission Checklist](#).

Preparing for Submission

Some of the required sections of the application will be entered directly into JustGrants, and other sections will require documents to be uploaded and attached. Therefore, applicants should allow enough time before the JustGrants deadline to prepare, enter, and upload all the requirements of the application.

Applicants may save their application in the system and add to or change the application as needed prior to hitting the “Submit” button at the end of the application in JustGrants. After the application deadline, no changes or additions can be made to the application. **OJP recommends that applicants submit the complete application package in JustGrants at least 48 hours prior to the JustGrants deadline.**

For additional information, including file name and type requirements, see the “How To Apply” section in the [Application Resource Guide](#).

Standard Applicant Information

The Standard Applicant Information section of the JustGrants application is pre-populated with the SF-424 data submitted in Grants.gov. The applicant will need to review the Standard Applicant Information in JustGrants and can make whatever edits are needed. Within this section, the applicant will need to add ZIP codes for areas affected by the project; confirm their Authorized Representative; and confirm the organization’s unique entity identifier, legal name, and address.

Proposal Abstract

A proposal abstract (no more than 2,000 characters) summarizing the proposed project must be completed in the JustGrants web-based form. The text from abstracts will be made publicly available on the OJP.gov and USASpending.gov websites if the project is awarded, so this section of the application should not contain any personally identifiable information (e.g., the name of the project director).

The abstract should be in paragraph form without bullets or tables and written in the third person (e.g., they, the community, their, themselves, rather than I or we). The abstract should include the following information:

- The name of the applicant’s proposed project.
- The purpose of the proposed project (*i.e.*, what the project will do and why it is necessary).
- Where the project will take place (*i.e.*, the service area, if applicable).
- Who will be served by the project (*i.e.*, who will be helped or have their needs addressed by the project).
- What activities will be carried out to complete the project.
- The subrecipient(s)/partner organizations or entities, if known.
- Deliverables and expected outcomes (*i.e.*, what the project will achieve).

See the [Application Resource Guide](#) for an [example](#) of a proposal abstract.

Data Requested With Application

Financial Management and System of Internal Controls Questionnaire (including Applicant Disclosure of High-Risk Status)

The Financial Management and System of Internal Controls Questionnaire helps OJP assess what financial management and internal control systems the applicant has in place, whether these systems would be sufficient to maintain a funding award, and the associated potential risks of an applicant as part of the pre-award risk assessment process. Every OJP applicant (other than an individual applying in their personal capacity, not representing an applicant organization) is required to complete the web-based form in JustGrants. See the [Application Resource Guide: Financial Management and System of Internal Controls Questionnaire \(including Applicant Disclosure of High-Risk Status\)](#) for additional guidance on how to complete the questionnaire.

Proposal Narrative

Format of the Proposal Narrative: The Proposal Narrative will be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point size font; have no less than 1-inch margins; have numbered pages; and should not exceed 25 pages. If the Proposal Narrative does not comply with these restrictions, OJP may consider such noncompliance in peer review and in final award decisions. Tables, charts, and graphs may be included in the Proposal Narrative, can be created in a legible font no smaller than 10-point and will count toward the page limit.

Sections of the Proposal Narrative: The Proposal Narrative must include all of the following sections.

a. Description of the Need: What critical issue or problem is the applicant proposing to address with this project? Please include:

- A brief explanation of the need, gap, or issue to be addressed by the proposed project.
- Supporting information, data, or evidence to demonstrate the need's existence, size, and impact on the target population and community.
- How the need relates to the purpose of the NOFO.
- Applicants must describe the models used by states, territories, and Tribes to operate their sex offender registries and public websites. In particular, applicants must discuss existing challenges and/or complexities unique to these registries and public websites, including how they are managed and how they interface with NSOPW. To provide the public with a single U.S. government website that links public state, District of Columbia, territory, and Tribe sex offender registries in one national search site; to provide jurisdictions with technology tools to register and track sex offenders; to provide jurisdictions with technology tools to share information about registered sex offenders with other jurisdictions; and to provide jurisdictions with technology tools to provide community notification about registered sex offenders.
- How the applicant's goals and objectives relate to the goals and objectives of the NOFO.

c. Project Design and Implementation: How will the applicant implement project activities that meet the goals and objectives? Applicants must detail how the project will operate during the funding period and describe the strategy that will be used to implement the proposed project. This section should illustrate what activities are proposed for the project and describe how the strategy will support the goals and objectives. This section must also address efforts to be undertaken with participating jurisdictions (individual connections) to ensure continuity of operations and connection maintenance requirements and should include related national administrative and operational/enterprise-level efforts. - Applicants must outline how the proposed project will continue to manage and operate NSOPW, the SORNA Exchange Portal, SORT, and TTSORS during all phases of the project period from receipt of the initial award to closeout, so that there is seamless continuation of operation and project activities.

d. Capabilities and Competencies: What administrative and technical capacity and expertise does the applicant bring to successfully complete this project? Please include:

- A short description of the applicant's capacity to deliver the proposed project and meet the requirements of the award, including collecting and reporting the required performance measure data. Who will be responsible for this task, and how will the applicant collect the data? Refer to [Program Description: Performance Measures](#) for additional details on performance measures for this funding opportunity.
- A description of projects or activities the applicant organization has conducted, or is currently conducting, that demonstrate the applicant's ability to undertake the proposed project activities.

- A summary of relevant experience of team members with key responsibilities for implementing the project.

Project Evaluations: An applicant that proposes to use award funds to conduct project evaluations must follow the guidance in the [“Note on Project Evaluations”](#) section in the [Application Resource Guide](#).

Budget and Associated Documentation: Budget Detail Form

The applicant will complete the JustGrants budget detail form. The form collects the individual costs under each cost category needed to implement the proposed project. Applicants should ensure that the name/description of each cost is clear and provide the detailed calculation (e.g., cost per unit and number of units) for the total cost. Applicants should enter additional narrative, as needed, to fully describe the cost calculations and connection to the project goals and objectives.

Budget proposals should include the funding needed to implement the proposed activities. In preparing their budget proposals, applicants should consider what types of costs are allowable, if awarded funding. Costs are allowable when they are reasonable, allocable to, and necessary for the performance of the project funded under the federal award and when they comply with the funding statute and agency requirements, including the conditions of the award and the cost principles set out in [2 C.F.R. Part 200, Subpart E](#) and the [DOJ Grants Financial Guide](#).

Costs Associated With a Conference/Meeting/Training: An applicant that proposes to use award funds for activities related to a conference, meeting, training, or similar event should review the [Application Resource Guide](#) for information on prior approval, planning, and reporting costs for a conference/meeting/training.

Costs Associated With Language Assistance and Access: If an applicant proposes a program or activity that would deliver services or benefits to individuals, the costs of taking reasonable steps to provide meaningful access to those services or benefits for individuals with limited English proficiency may be allowable in specific grant programs. Costs to provide reasonable accommodation and facilitate language access for individuals who are deaf or hard of hearing may also be allowable in specific grant programs. See the [Application Resource Guide](#) for information on costs associated with language assistance.

For additional information about how to prepare a budget for federal funding, see the [Application Resource Guide](#) section on [“Budget Preparation and Submission Information”](#) and the technical steps to complete the budget form in JustGrants in the [Complete the Application in JustGrants: Budget](#) training.

Budget and Associated Documentation: Budget/Financial Attachments

Indirect Cost Rate Agreement (if applicable): An applicant with a current, federally approved indirect cost rate agreement should upload it as an attachment in JustGrants.

Indirect costs are costs of an organization that are not readily assignable to a particular project but are necessary for the operation of the organization and the performance of the project. Examples of costs usually treated as indirect include those incurred for operation and maintenance of offices or workspaces and salaries of administrative or support staff. The requirements for the development and submission of indirect cost proposals and cost allocation plans are listed in Appendices III–VII of 2 C.F.R. Part 200. A non-federal applicant should follow the guidelines applicable to its type of organization. See the [DOJ Grants Financial Guide](#) and the [OJP Grant Application Resource Guide](#) for additional information on indirect cost rate agreements.

Consultant Rate (if applicable): OJP has established maximum rates for consultants; see the “Listing of Costs Requiring Prior Approval” section of the [DOJ Grants Financial Guide](#) for more information. If an applicant proposes a rate for a consultant on their project that is higher than the established maximum rate and receives an award, then the award recipient must submit a document requesting approval for the rate and cannot incur costs at the higher rate without prior OJP approval. The award recipient must provide justification for why the proposed rate is higher than the established maximum rate, such as why the rate is reasonable and consistent with that paid for similar services in the marketplace.

Limitation on Use of Award Funds for Employee Compensation for Awards Over \$250,000; Waiver (if applicable): If an applicant proposes to hire employees with federal award funds, for any award of more than \$250,000, the recipient may not use federal funds to pay total cash compensation (salary plus cash bonuses) to any employee of the recipient at a rate that exceeds 110 percent of the maximum annual salary payable to a member of the federal government’s Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year. Applicants may request a waiver from this requirement by submitting the appropriate form. See the [Application Resource Guide](#) for information on the “Limitation on Use of Award Funds for Employee Compensation for Awards over \$250,000; Waiver.”

Disclosure of Process Related to Executive Compensation (if applicable): This notice of funding opportunity expressly modifies the Application Resource Guide by not incorporating its “Disclosure of Process Related to Executive Compensation” provisions. Applicants to this funding opportunity are not required to provide this disclosure.

Additional Application Components

The applicant should attach the following additional requested documentation in JustGrants.

Curriculum Vitae or Resumes (if applicable): Provide resumes of key personnel who will work on the proposed project or a description of the experience and skills of key personnel necessary to implement the project.

Research and Evaluation Independence and Integrity Statement (if applicable): If an application proposes research (including research and development) and/or evaluation, the applicant must demonstrate research/evaluation independence and integrity, including appropriate safeguards, before it may receive award funds. The applicant will upload documentation of its research and evaluation independence and integrity as an attachment in JustGrants. For additional information, see the [Application Resource Guide](#).

Timeline: Provide a timeline listing key activities and milestones, and the quarters during which they will take place.

Disclosures and Assurances

The applicant will address the following disclosures and assurances.

Disclosure of Lobbying Activities: JustGrants will prompt each applicant to indicate if it is required to complete and submit a lobbying disclosure under 31 U.S.C. § 1352.

The applicant is required by law to complete and submit a lobbying disclosure form (Standard Form/SF-LLL) if it has paid or will pay any person to lobby in connection with the award for which it is applying AND this application is for an award in excess of \$100,000. This disclosure requirement is not applicable to such payments by an Indian Tribe, Tribal organization, or any other Indian organization that are permitted by other federal law.

Lobbying means (for this requirement) influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress. See 31 U.S.C. 1352; 28 C.F.R. part 69. Note: Most applicants do not engage in activities that trigger this disclosure requirement.

An applicant that is not required by law (31 U.S.C. 1352) to complete and submit a lobbying disclosure, should enter “No.” By doing so, the applicant is affirmatively asserting (under applicable penalties) that it has nothing to disclose under 31 U.S.C. § 1352 with regard to the application for the award at issue.

Disclosure of Duplication in Cost Items: To ensure funding coordination across grantmaking agencies, and to avoid unnecessary or inappropriate duplication of grant funding, the applicant must disclose if it has any pending applications for federal funding, including pending applications for subawards of federal funds, for the same project and the same budget items included in this proposal. Complete the JustGrants Applicant Disclosure of Duplication in Cost Items form. See the [Application Resource Guide](#) for additional information.

DOJ Certified Standard Assurances: Review and accept the DOJ Certified Standard Assurances in JustGrants. See the [Application Resource Guide](#) for additional information.

DOJ Certifications: Review the DOJ document [Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; Drug-Free Workplace Requirements; Coordination with Affected Agencies](#). An applicant must review and sign the certification document in JustGrants. See the [Application Resource Guide](#) for more information.

Applicant Disclosure and Justification – DOJ High-Risk Grantees (if applicable): If applicable, submit the DOJ High-Risk Disclosure and Justification as an attachment in JustGrants. A DOJ high-risk recipient is an award recipient that has received a DOJ high-risk designation based on a documented history of unsatisfactory performance, financial instability, management system or other internal control deficiencies, noncompliance with award terms and conditions on prior awards, or that is otherwise not responsible. See the [Application Resource Guide](#) for additional information.

Submission Dates & Times

Refer to [Basic Information: Key Dates](#) for the submission dates and times.

Applicants should submit their applications as early as possible and recommended not later than 48 hours before the deadlines. To be considered timely, the full application must be submitted in JustGrants by the JustGrants application deadline. Applicants will use the Certify and Submit feature in JustGrants to confirm that all required application components have been entered, which includes identifying the Authorized Representative for the applicant. Once the application is submitted, the Application Submitter, Authorized Representative, and Entity Administrator receive a confirmation email.

An applicant will receive emails after successfully submitting application components in Grants.gov and JustGrants and should retain all emails and other confirmations received from the SAM.gov, Grants.gov, and JustGrants systems.

Experiencing Technical Issues Preventing Submission of an Application (Technical Waivers)

If an applicant misses a deadline due to unforeseen technical issues with SAM.gov, Grants.gov, or JustGrants, the applicant may request a waiver to submit an application after the deadline. OJP will only consider requests to submit an application via alternative methods or after the deadline when the applicant can document that there is a technical issue with a government system that was beyond their control and that prevents submission of the application via the standard process prior to the deadlines. Issues resulting from circumstances within the applicant's control, such as failure to begin the SAM.gov, Grants.gov, or JustGrants registration and application process in sufficient time, will not be considered.

Requests and documentation must be sent to AskSMART@usdoj.gov. Applicants should follow these steps if they experience a technical issue:

- 1. Contact the relevant help desk to report the issue and receive a tracking number.**

See [Basic Information: Contact Information](#) for the phone numbers, email addresses, and operating hours of the SAM.gov, Grants.gov, and JustGrants help desks. Reports of technical issues to the help desk must occur **before** the application deadline.

If an applicant calls the help desk and experiences a long wait time, they can also email the help desk to obtain a tracking number. Tracking numbers are generated automatically when an applicant emails the applicable service desk, and for this reason, long call wait times for support do not relieve the applicant of the responsibility of getting a tracking number.

2. If an applicant has technical issues with SAM.gov or Grants.gov, the applicant must contact AskSMART@usdoj.gov within 24 hours of the Grants.gov deadline to request approval to submit after the deadline. The applicant's request will need to include:

- A description of the technical difficulties experienced (provide screenshots if applicable).
- A timeline of the applicant's submission efforts (e.g., date and time the error occurred, date and time of actions taken to resolve the issue and resubmit, and date and time support representatives responded).
- An attachment of the complete grant application and all the required documentation and materials (this serves as a "manual" submission of the application).
- The applicant's unique entity identifier (UEI).
- Any SAM.gov, Grants.gov, and JustGrants Service Desk tracking/ticket numbers documenting the technical issue.

3. If an applicant has technical issues with JustGrants that prevent application submission by the deadline, the applicant must contact AskSMART@usdoj.gov within 24 hours of the JustGrants deadline to request approval to submit after the deadline. See step 2 for the list of information the applicant must provide as part of its request.

As a reminder: the waiver request will not be considered unless it includes documentation of attempts to receive technical assistance to resolve the issue prior to the application deadline. OJP will review each waiver request and the required supporting documentation and notify the applicant whether the request for late submission has been approved or denied. An applicant that does not provide documentation of a technical issue (including all information previously listed), or that does not submit a waiver request within the required time period, will be denied.

For more details on the waiver process, OJP encourages applicants to review the "Experiencing Technical Issues" section in the [Application Resource Guide](#).

APPLICATION REVIEW

Responsiveness (Basic Minimum Requirements) Review

OJP screens applications to ensure they meet the basic minimum requirements (BMR) prior to conducting the merit review. Following are the basic minimum requirements for this funding opportunity. If OJP determines that an application does not include these elements, it will not proceed to merit review and will not receive any further consideration.

- The application is submitted by an eligible applicant.
- The application is responsive to the scope of the NOFO.
- The following application elements are included:
 - SF-424 (Grants.gov)
 - Proposal Narrative (JustGrants)
 - Budget detail form, which includes the budget items, their calculations, and explanation (JustGrants)

Applicants whose application fails to meet the BMR are provided notice (including an appropriate point of contact for questions) within a few weeks after the submission due date.

Merit Review Criteria

Peer Review Criteria

Applications that meet the basic minimum requirements will be evaluated for technical merit by peer reviewers based on how the proposed project/program addresses the following criteria:

- **Statement of the Problem/Description of the Need (20%):** What critical issue or problem the applicant is proposing to address with this project.
- **Project Goals and Objectives (10%):** How the proposed project will address the identified need and the purpose of the funding opportunity.
- **Project Design and Implementation (40%):** The strength of how the applicant will implement activities, including the soundness of the project design and how the activities align to the stated goals and objectives.
- **Capabilities and Competencies (20%):** The applicant's administrative and technical capacity to successfully complete this project.
- **Budget (10%):** Completeness and cost effectiveness.

Programmatic and Financial Review Criteria

After the peer review, applications undergo additional programmatic and financial reviews. OJP staff may reach out to applicants during the programmatic or financial review if a submitted form is incomplete or needs to be updated. Note that OJP staff are not authorized to provide information on peer review scores or comment on programmatic, risk, or budget/financial reviews while the merit review is in progress.

In addition to BMR and peer review criteria, other important considerations for OJP include geographic diversity (including, but not limited to, remote and geographically isolated communities, such as Alaska Native villages), strategic priorities (including, but not limited to, the priority areas already mentioned, if applicable), available funding, past performance, and the extent to which the budget detail form accurately explains project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles. If

cost sharing/match is not required for this opportunity, applicants will not receive higher consideration by proposing a voluntary match contribution in their budget.

Risk Review

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to applicant risk. OJP assesses whether an applicant with one or more prior federal awards has a satisfactory record of performance, integrity, and business ethics, including by (among other things) checking whether the applicant is listed in SAM.gov as excluded from receiving a federal award.

Depending on the severity and nature of the risk factors, the risk assessment may result in the removal of an applicant from consideration or selection for award, or it may result in additional post-award conditions and oversight for an awarded applicant.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM.gov.

Important Note on Responsibility/Qualification Data (formerly FAPIIS): An applicant may review and comment on any information about its organization that currently appears in SAM.gov and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in SAM.gov, in its assessment of the risk posed by the applicant.

Selection Process

All final award decisions will be made by the Assistant Attorney General, unless a statute explicitly authorizes award decisions by another official or there is written delegation of authority to another official. This official may consider not only peer review ratings and program office recommendations, but also other factors as indicated in the “Application Review” section to make final award decisions. For additional information on the application review process, see the [Application Resource Guide](#).

AWARD NOTICES

Federal Award Notices

Award notifications are usually sent by September 30 (the end of the current federal fiscal year). For successful applicants, JustGrants will send a system-generated email to the Application Submitter, Authorized Representative, and Entity Administrator with information on accessing their official award package in JustGrants. The award package will include key information (such as funding amount and period of performance) as well as award conditions that must be followed. The Authorized Representative for the entity should accept or decline the award within 45 days of the notification. See the [Application Resource Guide](#) for information on award notifications and instructions.

Applicants not selected for award will receive notification after all award recipients have been notified. OJP also provides unsuccessful applicants with a summary of peer reviewer comments.

Future Funding Opportunities

OJP may, in certain cases, provide additional funding in future years to awards made under this funding opportunity through continuation awards. When making continuation award decisions, OJP will consider, among other factors, OJP's strategic priorities, a recipient's overall management of the award, and the progress of the work funded under the award.

Applications submitted under this FY 2025 funding opportunity may be funded in future fiscal years, dependent on, among other considerations, the merit of the applications and the availability of appropriations.

POST-AWARD REQUIREMENTS AND ADMINISTRATION

Reporting

All award recipients under this funding opportunity will be required to submit the following reports and data:

- Quarterly financial reports
- Semi-annual performance reports
- Final financial and performance reports
- If applicable, an annual audit report in accordance with the Part 200 Uniform Requirements or specific award conditions
- Provide information on an ad hoc basis which respond to various data requests

See the [Application Resource Guide](#) for additional information on specific post-award reporting requirements, including performance measure data and the method for submitting reports in OJP's online systems. Future awards and fund drawdowns may be withheld if reports are delinquent, and in appropriate cases, OJP may require additional reports.

Performance Measure Reporting

Award recipients are required to submit performance measure data in JustGrants and separately submit a semi-annual performance report in JustGrants. Applicants selected for an award will receive further guidance on post-award reporting processes.

Award recipients are required to submit performance measure data and performance reports in JustGrants on a semi-annual basis. Applicants selected for an award will receive further guidance on post-award reporting processes.

Program- and Award-Specific Award Conditions

OJP includes various conditions on its awards. These may include program-specific conditions, which typically apply to all recipients of a funding opportunity, and award-specific conditions, which are included to address recipient-specific issues (e.g., programmatic or financial risk). Recipients may view all conditions, and actions required to satisfy those conditions, in the award package in JustGrants.

Administrative, National Policy, and Other Legal Requirements

If selected for funding, in addition to implementing the funded project consistent with the OJP-approved application, the recipient must comply with all award conditions and all applicable requirements of federal statutes and regulations, including the applicable requirements referred to in the assurances and certifications executed in connection with award acceptance. For additional information on these legal requirements, see the "Administrative, National Policy, and Other Legal Requirements" section in the [Application Resource Guide](#).

Civil Rights Compliance

If a successful applicant accepts funding from OJP—as a recipient of OJP funding—that award recipient must comply with certain federal civil rights laws that prohibit the award recipient from discriminating on the basis of race, color, national origin, sex, religion, or disability in how it delivers its program's services or benefits and in its employment practices. The civil rights laws that may be applicable to the award include, but are not limited to, Title VI of the Civil Rights Act of 1964, the nondiscrimination provisions of the Omnibus Crime Control and Safe Streets Act of

1968, and Section 504 of the Rehabilitation Act of 1973. These and other federal civil rights laws are discussed in greater detail on OJP's [Legal Overview—FY 2025 Awards](#) webpage under the “Civil Rights Requirements” section. Additional resources are available from the [OJP Office for Civil Rights](#).

Complying with civil rights laws that prohibit national origin discrimination includes the requirement that recipients and subrecipients take reasonable steps to ensure that people with limited English proficiency (LEP) have meaningful access to a recipient's programs and activities. An individual with LEP is one whose first language is not English and who has a limited ability to read, write, speak, or understand English. DOJ offers resources to help recipients meet this requirement, including [Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons](#); a [language access assessment and planning tool](#) with [commonly asked questions](#); and additional resources on [the Office of Justice Programs' Office for Civil Rights website](#).

Faith-based organizations may apply for this award on the same basis as any other organization subject to the protections and requirements of 28 C.F.R. Part 38 and any applicable constitutional and statutory requirements, including 42 U.S.C. 2000bb et seq. The Department of Justice will not, in the selection of recipients, discriminate for or against an organization on the basis of the organization's religious character, motives, or affiliation, or lack thereof, or on the basis of conduct that would not be considered grounds to favor or disfavor a similarly situated secular organization. A faith-based organization that participates in this funded program will retain its independence from the Government and may continue to carry out its mission consistent with religious freedom and conscience protections in Federal law. An organization may not use direct Federal financial assistance from the Department of Justice to support or engage in any explicitly religious activities except when consistent with the Establishment Clause of the First Amendment and any other applicable requirements. An organization receiving Federal financial assistance also may not, in providing services funded by the Department of Justice, or in their outreach activities related to such services, discriminate against a program beneficiary or prospective program beneficiary on the basis of religion, a religious belief, a refusal to hold a religious belief, or a refusal to attend or participate in a religious practice.

Financial Management and System of Internal Controls

Award recipients and subrecipients (including recipients or subrecipients that are pass-through entities) must, as described in the Part 200 Uniform Requirements set out at 2 C.F.R. 200.303, comply with standards for financial and program management. See the [Application Resource Guide](#) for additional information.

Information Technology Security Clauses

An application in response to this NOFO may require inclusion of information related to information technology security. See the [Application Resource Guide](#) for more information.

Other Reporting Requirements

Applicants and recipients are required to notify OJP if you know that you or any of your organization's principals for the award transaction are presently excluded or disqualified (*i.e.*, debarred or suspended) or otherwise meet any of the criteria in 2 C.F.R. 180.335. Recipients must comply with requirements in 2 C.F.R. Part 180, as implemented by DOJ in 2 C.F.R. Part 2867, which, among other things, require recipients to check certain information sources and, in some cases, notify the federal awarding agency prior to the agency awarding federal funds via contracts or subawards.

If a recipient's award includes a federal share of more than \$500,000 over the period of performance of the award, then the award (per 2 C.F.R. 200.113) will include a condition that may require the recipient to report and maintain certain information (relating to certain criminal, civil, and administrative proceedings) in SAM.gov. See <https://www.ojp.gov/funding/explore/legaloverview2025/otherrequirements> for more information.
