To become certified, the law enforcement agency must meet two mandatory conditions: 1) the agency's use of force policies adhere to all applicable federal, state and local laws; and 2) the agency's use of force policies prohibit chokeholds except in situations where use of deadly force is allowed by law. The certification requirement also applies to law enforcement agencies receiving DOJ discretionary grant funding through a subaward. For detailed information on this new certification

Program Description

Overview

The Office of Sex Offender Sentencing, Monitoring, Apprehending, Registering, and Tracking (SMART) seeks applicants to design and implement a program that aims to safeguard amateur athletes through the prevention of sexual, physical and emotional abuse in the athletic programs of the United States Olympic & Paralympic Committee, each national governing body and each Paralympic sports organization. The SMART Office is responsible for, among other activities, assisting states, the District of Columbia, territories and tribal jurisdictions with developing and/or enhancing programs designed to implement the requirements of the Sex Offender Registration and Notification Act (SORNA), Title I of the Adam Walsh Child Protection and Safety Act of 2006, and promoting innovation and best practices in preventing and protecting the public from sexual violence.

Statutory Authority

This program is authorized pursuant to the Keep Young Athletes Safe Act (KYAS), Pub. L. No. 115-141, 132 Stat. 348, 1127.

Specific Information

In 2018, Congress passed the Keep Young Athletes Safe Act (KYAS), to help prevent the occurrence of abuse and to protect young athletes from abuse in sports by funding an entity to develop the necessary educational materials, investigatory tools, training programs and policies that can prevent abuse, and work to address abuse, once identified.

Specifically, through the KYAS program, new training materials are developed and tested to identify, investigate and educate about the prevention of sexual, physical and emotional abuse in amateur athletic programs, and ongoing and comprehensive training is provided. Additionally, through KYAS, policies and standards are developed to safeguard athletes from sexual, physical and emotional abuse occurring as a result of participation in amateur athletic programs, including background screening policies, and training and abuse prevention policies and standards at national, statewide and local levels are implemented. To ensure policies and procedures are followed correctly, regular and random audits are conducted and evidence-based practices and procedures to document and demonstrate effectiveness are identified and implemented. Through the program, information about safeguarding amateur athletes against abuse is disseminated. Finally, the KYAS program requires reporting of any allegations of sexual and physical abuse, following applicable state and federal reporting requirements.

Goals, Objectives, Deliverables, and Timeline

Goals: The goal of the KYAS program is to assist athletic programs of the United States Olympic & Paralympic Committee, each national governing body and each Paralympic sports organization.

Objectives: The objective of the KYAS program is to help prevent the occurrence of abuse and to protect young athletes from abuse in sports.

Deliverables: The KYAS program deliverables include the development and dissemination of the necessary educational materials, investigatory tools, training for athletic program personnel and model policies for athletic programs, and conducting audits and compliance reviews that can prevent abuse, and work to address abuse, once identified.

Grantees must report allegations of sexual and physical abuse and comply with applicable state and federal reporting requirements regarding child abuse, including sexual abuse.

The goals, objectives and deliverables are directly related to the performance measures that demonstrate the results of the work completed, as discussed under the Content of Application Submission section.

Evidence-Based Programs or Practices

OJP strongly emphasizes the use of data and evidence in policymaking and program development in criminal justice, juvenile justice and crime victim services. For additional information and resources, see the OJP Grant Application Resource Guide's [Evidence-Based Programs or Policies](#).

Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the programs and activities funded under this solicitation. For additional information, see the OJP Grant Application Resource Guide's [Information Regarding Potential Evaluation of Programs and Activities](#).

Review Process

Applications submitted under this solicitation that meet basic minimum requirements will be evaluated for technical merit

by a peer review panel(s) in accordance with OJP peer review policy and procedures using the stated review criteria above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting peer review. Although specific requirements may vary, the following are common requirements applicable to all solicitations for funding under OJP programs:

- The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things, OJP checks whether the applicant is listed in SAM as excluded from receiving a federal award to help assess whether an applicant that has one or more prior federal awards has a satisfactory record with respect to performance, integrity and business ethics.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important note on FAPIIS: An applicant may review and comment on any information about it that currently appears in FAPIIS, entered by a federal awarding agency. OJP will consider any such comments by the applicant, in addition to other information in FAPIIS, in its assessment of the risk posed by the applicant.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may take into account peer review ratings and the SMART Office recommendations, as well as other factors as indicated in this section.
