SORNA Substantial Implementation Review Rosebud Sioux Tribe

The U.S. Department of Justice, Office of Justice Programs, Office of Sex Offender Sentencing, Monitoring, Apprehending, Registering, and Tracking (SMART) would like to thank the Rosebud Sioux Tribe for the extensive work that has gone into its effort to substantially implement Title I of the Adam Walsh Act, the Sex Offender Registration and Notification Act (SORNA). The SMART Office has completed its review of the Rosebud Sioux Tribe's SORNA substantial implementation packet and has found that the Rosebud Sioux Tribe has substantially implemented SORNA.

On July 25, 2011, the Rosebud Sioux Tribe originally submitted a substantial implementation package that included several exhibits, including background information on the tribe and its criminal justice system, courts and police department; policies and procedures regarding sex offender registration; the tribe's sex offender registration law; and other relevant documents. In addition, email and phone correspondence with tribal representatives filled in gaps in laws and procedure. In March 2012, the tribe was notified of the changes and information needed in order to substantially implement SORNA, and an in-person technical assistance visit was conducted in 2014. The necessary changes to the tribe's policies and procedures have since been made.

Our review of these materials follows the outline of the SMART Office Substantial Implementation Checklist-Revised, which contains 14 sections addressing the SORNA requirements. Under each section, we indicate whether the Rosebud Sioux Tribe meets the SORNA requirements of that section or deviates from the requirements in some way. In instances of deviation, we specify where the departure(s) from a particular requirement does not substantially disserve the purposes of that requirement.

While the Rosebud Sioux Tribe is encouraged to work toward rectifying deviations from requirements in order to achieve full implementation of SORNA, this is not required for substantial implementation purposes at this time. This report is an exhaustive review and is intended to detail every area in which the Rosebud Sioux Tribe has not met SORNA standards.

I. Immediate Transfer of Information

SORNA requires that when an offender initially registers and/or updates his or her information in a jurisdiction, that the initial registration information or updated information be immediately sent to other jurisdictions where the offender has to register, as well as to NCIC/NSOR and the jurisdiction's public sex offender registry website.

The Rosebud Sioux Tribes submits its NCIC/NSOR data through an agreement with the State of South Dakota.

The Rosebud Sioux Tribe meets all of the SORNA requirements in this section.

II. Offenses that Must Be Included in the Registry

SORNA requires that certain federal, military, and foreign offenses are included in a jurisdiction's registration scheme. In addition, SORNA requires that the jurisdiction capture certain sex offenses, both offenses from its jurisdiction and from other SORNA registration jurisdictions, in its registration scheme. SORNA also requires that certain adjudications of delinquency are included in a jurisdiction's registration scheme.

The Rosebud Sioux Tribe meets all of the SORNA requirements in this section.

III. Tiering of Offenses

SORNA requires that offenses be classified based on the nature of the offense of conviction. The SMART Office has reviewed all statutes identified in the substantial implementation submission package and has identified the Rosebud Sioux Tribe's placement of these statutes within the SORNA three tier levels. The Rosebud Sioux Tribe correctly places its statutes within at least the minimum appropriate SORNA tiers, with the following exceptions:

1. 18 U.S.C. § 2243 (Sexual Abuse of a Minor or Ward): should be classified as a tier III offense; the Rosebud Sioux Tribe classifies it as a tier II offense.
2. 18 U.S.C. § 2423(d) (Transportation of Minors, Ancillary Offenses): should be classified as a tier II offense when the victim is a minor; the Rosebud Sioux Tribe does not classify the offense specifically.

These deviations do not substantially disserve the SORNA requirements in this section.

IV. Required Registration Information

SORNA requires that the jurisdiction collect certain pieces of information from and for each offender that it registers, and requires that the jurisdiction keep that registration information, in a digitized form, in its registry.

The Rosebud Sioux Tribe meets all of the SORNA requirements in this section.

V. Where Registration is Required

SORNA requires that the jurisdiction register an offender if the jurisdiction is the one in which he or she is convicted or incarcerated. In addition, SORNA requires that the jurisdiction register offenders who reside, work, or attend school in the jurisdiction.

The Rosebud Sioux Tribe meets all of the SORNA requirements in this section.

VI. Initial Registration: Timing and Notice

SORNA requires that when an offender is incarcerated within the jurisdiction, registration must occur before release from imprisonment for the registration offense. Similarly, when an offender is sentenced within the jurisdiction, but not incarcerated, SORNA requires that registration occur within three business days of sentencing. Finally, when an offender has been convicted, sentenced, or incarcerated in another jurisdiction (including federal or military court), the jurisdiction must register the offender within three business days of the offender establishing residence, employment, or school attendance within the jurisdiction. SORNA also requires that, during the initial registration process, the jurisdiction inform the offender of his or her registration duties and require the offender to acknowledge in writing that he or she understands those duties.

The Rosebud Sioux Tribe meets all of the SORNA requirements in this section.

VII. Initial Registration: Retroactive Classes of Offenders

SORNA requires that each registration jurisdiction have a procedure in place to recapture three categories of sex offenders: those who are currently incarcerated or under supervision, either for the predicate sex offense or for some other crime; those who are already registered or subject to a pre-existing sex offender registration requirement under the jurisdiction's law; and those who reenter the jurisdiction's criminal justice system because of a conviction for some other felony crime (whether or not it is a sex offense).

The Rosebud Sioux Tribe meets all of the SORNA requirements in this section.

VIII. Keeping the Registration Current

SORNA requires that when a sex offender resides in a jurisdiction, he or she must immediately appear in-person to update his or her name, residence, employment, school attendance, and termination of residence. SORNA also requires that when an offender resides in a jurisdiction, he or she must immediately update any changes to his or her email addresses, internet identifiers, telephone communications, vehicle information, and temporary lodging information.

When an offender works in a jurisdiction, but does not reside or attend school there, SORNA requires that the offender immediately appear in-person to update employment-related information. When an offender attends school in a jurisdiction, but does not reside or work there, SORNA requires that the offender immediately appear in-person to update school-related information.

SORNA also requires that when an offender resides in a jurisdiction and intends to travel outside the United States, he or she must notify the residence jurisdiction at least 21 days in advance of such travel.

In addition, SORNA requires that when an offender notifies the jurisdiction of his or her intent to relocate to another country to live, work or attend school, that the jurisdiction do three things: immediately notify any other jurisdiction where the offender is either registered, or is required to register, of that updated information; immediately notify the United States Marshals Service, and immediately update NCIC/NSOR.

The Rosebud Sioux Tribe does not require immediate updating of internet identifiers, phone numbers, vehicle information, or temporary lodging, although updates to this information are made at an offender's regular in-person verifications.

These deviations do not substantially disserve the SORNA requirements in this section.

IX. Verification/Appearance Requirements

SORNA requires that offenders register for a duration of time, and make in-person appearances at the registering agency, based on the tier of the offense of conviction. SORNA requires that offenders register for a duration of time based on the tier of the offense of conviction. Specifically, SORNA requires that SORNA Tier I offenders register for 15 years, SORNA Tier II offenders register for 25 years, and SORNA Tier III offenders register for life.

SORNA also requires that offenders make in-person appearances at the registering agency based on the tier of the offense of conviction. Specifically, SORNA requires that SORNA Tier I offenders appear once a year, that SORNA Tier II offenders appear every six months, and that SORNA Tier III offenders appear every three months.

In addition, SORNA creates certain requirements under which a jurisdiction can allow an offender to have a reduced registration period.

The standards utilized by the Rosebud Sioux Tribe are the same as required by SORNA.

X. Public Registry Website Requirements

The Rosebud Sioux Tribe has a public website that is listed on the National Sex Offender Public Website.

The Rosebud Sioux Tribe meets all of the SORNA requirements in this section.

XII. When a Sex Offender Fails to Appear for Registration

SORNA requires that when a jurisdiction is notified that a sex offender intends to reside, be employed, or attend school in its jurisdiction, and that offender fails to appear for registration as required, that the jurisdiction receiving that notice inform the originating jurisdiction (the jurisdiction that provided the initial notification) that the sex offender failed to appear for registration.
