SORNA Substantial Implementation Review Miami Tribe of Oklahoma

The U.S. Department of Justice, Office of Justice Programs, Office of Sex Offender Sentencing, Monitoring, Apprehending, Registering, and Tracking (SMART) would like to thank the Miami Tribe of Oklahoma for the extensive work that has gone into its effort to substantially implement Title I of the Adam Walsh Act, the Sex Offender Registration and Notification Act (SORNA). The SMART Office has completed its review of the Miami Tribe of Oklahoma SORNA substantial implementation packet and has found that the Miami Tribe of Oklahoma has substantially implemented SORNA.

The Miami Tribe of Oklahoma submitted a final substantial implementation package on January 30, 2013. The substantial implementation package included a tribal code, a thorough policies and procedures manual, agreements with law enforcement, as well as copies of registration and notice forms. In addition, email and phone correspondence with tribal representatives filled in gaps in laws and procedure.

Our review of these materials follows the outline of the SMART Office Substantial Implementation Checklist-Revised, which contains 14 sections addressing the SORNA requirements. Under each section, we indicate that Miami Tribe of Oklahoma meets the SORNA requirements of that section.

I. Immediate Transfer of Information

SORNA requires that when an offender initially registers and/or updates his or her information in a jurisdiction, that the initial registration information or updated information be immediately sent to other jurisdictions where the offender has to register, as well as to NCIC/NSOR and the jurisdiction's public sex offender registry website.

The Miami Tribe of Oklahoma meets all of the SORNA requirements in this section.

II. Offenses that Must Be Included in the Registry

SORNA requires that certain federal, military, and foreign offenses are included in a jurisdiction's registration scheme. In addition, SORNA requires that the jurisdiction capture certain sex offenses, both offenses from its jurisdiction and from other SORNA registration jurisdictions, in its registration scheme. SORNA also requires that certain adjudications of delinquency are included in a jurisdiction's registration scheme.

Finally, when an offender has been convicted, sentenced, or incarcerated in another jurisdiction (including federal or military court), the jurisdiction must register the offender within three business days of the offender establishing residence, employment, or school attendance within the jurisdiction. SORNA also requires that, during the initial registration process, the jurisdiction inform the offender of his registration duties and require the offender to acknowledge in writing that he understands those duties.

VII. Initial Registration: Retroactive Classes of Offenders

SORNA requires that each registration jurisdiction have a procedure in place to recapture three categories of sex offenders: those who are currently incarcerated or under supervision, either for the predicate sex offense or for some other crime; those who are already registered or subject to a pre-existing sex offender registration requirement under the jurisdiction's law; and those who reenter the jurisdiction's criminal justice system because of a conviction for some other felony crime (whether or not it is a sex offense). 3

VIII. Keeping the Registration Current

SORNA requires that when a sex offender resides in a jurisdiction, he or she must immediately appear in-person to update his or her name, residence, employment, school attendance, and termination of residence. SORNA also requires that when an offender resides in a jurisdiction, he or she must immediately update any changes to his or her email addresses, internet identifiers, telephone communications, vehicle information, and temporary lodging information.

When an offender attends school in a jurisdiction, but does not reside or work there, SORNA requires that the offender immediately appear in-person to update school-related information.

SORNA also requires that when an offender resides in a jurisdiction and intends to travel outside the United States, he or she must notify the residence jurisdiction at least 21 days in advance of such travel.

In addition, SORNA requires that when an offender notifies the jurisdiction of his or her intent to relocate to another country to live, work or attend school, that the jurisdiction do three things: immediately notify any other jurisdiction where the offender is either registered, or is required to register, of that updated information; immediately notify the United States Marshals Service, and immediately update NCIC/NSOR.

XIV. Other Considerations

The SMART Office acknowledges the Miami Tribe of Oklahoma's limitations with respect to NCIC, because they are unable to submit NCIC/NSOR data through the State of Oklahoma. The Miami Tribe of Oklahoma Police Department will complete a "Criminal History Request Form/NCIC Entry Form." Two copies are made, one for the offender's file, the other is sent to the Oklahoma State Bureau of Investigation (OSBI). As detailed in communications included in the substantial implementation package, OSBI will accept the forms but will not submit the information from the form into NCIC. The Miami Tribe of Oklahoma has communicated with both OSBI and the Bureau of Prisons about possible solutions. If and when a solution is identified, they will utilize that option to submit information through the State.

Conclusion

The Miami Tribe of Oklahoma has put forth exceptional work and effort in substantially implementing SORNA and enhancing its sex offender registration and notification system.
